## Experience

### Kikbits

Senior Web Developer

April 2022 - January 2024 (1 year 10 months)

Islamabad, Islāmābād, Pakistan

With a core focus on Google Chrome extensions, I have been instrumental in creating a cutting-edge extension using React.js that harnesses the power of AI and ChatGPT.

By combining my expertise in web development, React.js, and AI integration, I have played a pivotal role in bringing Kikbits' vision to life. My commitment to crafting exceptional user experiences and driving innovation has led to the successful creation of an AI-powered Chrome extension that revolutionizes how professionals interact on LinkedIn. As I continue to evolve in my role, I look forward to further contributing to Kikbits' mission of pushing the boundaries of technology to enhance networking and communication.

### Rabattcorner

Software Developer

April 2022 - June 2023 (1 year 3 months)

Switzerland

As a remote senior Symfony developer at Rabattcorner.ch, a Switzerland-based company, I specialize in developing and maintaining the company's website focused on cashbacks. This involves utilizing various APIs from different networks, including Ali Baba and Zolando, to provide cashbacks to customers. I have a proven track record of developing new features and fixing errors on the website.

Develop and maintain the Rabattcorner.ch website Utilize various APIs from different networks to provide cashbacks to customers Debug and troubleshoot errors to ensure the website runs smoothly

Collaborate with cross-functional teams to improve the website's user interface and overall functionality Successfully develop and launch new features on the website Overall, I bring expertise in Symfony framework, API integration, and troubleshooting skills to ensure the successful development and maintenance of Rabattcorner.ch website. With my strong communication and collaboration skills, I am confident in my ability to work independently in a remote setting while delivering high-quality results

## Hypertext Solutions Private Limited

Lead Software Developer

August 2021 - March 2022 (8 months)

Pakistan

As a Senior Symfony and Laravel Developer with extensive experience in web development, I have

a demonstrated history of creating high-quality websites for US clients. With my leadership skills and

ability to manage teams effectively, I have been able to deliver successful projects and exceed client

expectations.

Key Accomplishments:

Successfully transitioned from Senior Symfony and Laravel Developer to Team Lead within 3 months of starting my role developed over 10 e-commerce websites, including <https://worldgemdeal.com>, <https://mylingue.com/>, and <https://tijarati.com/>

Lead a team of developers to complete projects on time and within budget.

Developed custom solutions to meet client needs and requirements

Collaborated with cross-functional teams, including designers and project managers, to ensure project success

Technical Skills:

Proficient in Symfony and Laravel frameworks

Skilled in HTML, CSS, JavaScript, jQuery, and other front-end technologies

Experience with web services such as RESTful APIs

Familiarity with databases including MySQL, SQL Server, and PostgreSQL

Knowledge of agile development methodologies

Effisie

Software Developer

March 2019 - June 2021 (2 years 4 months)

Pakistan

Collaborated with the team to create efficient and user-friendly software solutions that met clients' needs. Integrated payment systems including Stripe and managed Account Head for clients.

Conducted testing and debugging of software to ensure that it was error-free and met performance standards. Provided ongoing technical support to clients and addressed any issues that arose in a timely and professional manner.

Additional Achievements:

Successfully designed and implemented a user-friendly interface for the Project Management System, resulting in increased user adoption and client satisfaction.

Developed custom software solutions for clients, including a loyalty program module that helped increase customer retention for a retail store client.

Continuously updated technical skills and knowledge through attending seminars, workshops, and online training courses, resulting in improved performance and productivity.

---

## Education

University of Peshawar

Bachelor of Science - BS, Computer Science · (January 2016 - April 2020)
